

The University of Houston's Pi Mu Epsilon Chapter
presents

How to get an REU

Research Experience for Undergraduates

A informative presentation about what an REU is, the benefits of an REU and how to apply for an REU

Monday, March 28

4:00 PM – 5:00 PM

PGH 646

Join Pi Mu Epsilon for a presentation on research for undergraduates.

Gain a basic understanding about undergraduate research.

Learn about different paths to undergraduate research.

Listen to students' experiences that are currently participating in undergraduate research.

Obtain useful resources for access to research as an undergraduate.

Refreshments will be provided.
