### Homework:

#### Where are the assignments and how do I submit the homework?

You will submit the homework online, in your [CourseWare](#) account.

1. Log into your [CourseWare](#) account.
2. Click on your class.
3. Click on the tab named EMCF (stands for electronic multiple choice form).
4. You will see the links to the homework EMCF and its due date.
5. Select the correct homework assignment. The link to the homework is listed there.
6. Do the homework then choose your answer choice for each problem.  
As soon as you make your choice, it's automatically saved.  
As long as the assignment is available, you may change your answer choices.

The homework will be graded at some point after it's due.

Homework grades will be posted to your grade book in your [CourseWare](#) account.
