

Hello everyone,

I, along with Dr. Weber, have recently been asked to a guest speaker for a discussion of mental health in academic and professional life hosted by the UH Mindversity Organization and Counselling and Psychiatric Services (CAPS). This presentation will be on Monday, April 25<sup>th</sup> from 6:00 pm to 7:30 pm in AAA2. If you would like to attend, please do. The event is open to everyone, and I always appreciate the extra moral support. Please see the flier for information.

This, however, means that I will need to adjust my tutoring hours for that day. I will be extending my normal afternoon session to go from 1:00 pm to 5:30 pm. (This change will affect Monday, April 25<sup>th</sup> only.) Please make whatever arrangements you feel necessary.

--Dr. Matt
