

How to Fill Out Poppers

A Quick Help Guide to Popper Concerns

Step 1: Purchasing the Forms

This is done at the university bookstore. It is expected that you buy them by the third week of the semester.

Make sure they are for your class.

Each packet should have the Course Number, CRN, Days and Times that match your class. *If they have different information, do not buy them!*

Even though we may not use the entire packet, we will be using more than half of them. Buy an entire packet for yourself. This will also help you if you mess up a few of them.

Step 2: What to use to fill them out

Use a pencil! It says this right at the top of the form!

A scan of a test form. At the top left, it says 'Popper Fall 2016 Math 1311-04 22942'. To the right is a barcode and the number '2016-1-22942-1-2-1'. Below the header, it says 'Use a No. 2 Pencil. Do Not Write Outside of This Box.' There are two sets of answer bubbles labeled 'A B C D E' and '1 2 3 4 5'. On the right side, there are fields for 'Last Name' and 'First Name'.

Things that will **not** work include:

Pen (ball point or felt tip)

Highlighters

Paint

Quills

Telepathy ("I meant to fill this out.")

Step 3: Your Name

Write your name
in the space
provided!

Make Sure ID and Number are Correctly Bubbled.

Step 8: Hand it in.

- If you leave with your completed popper sheet in-hand, it will not count.
- If you crinkle, crumble, rip, spill on, or otherwise destroy your sheet prior to handing it in, it will not scan.
- Place it in a NEAT pile on your way out of the room.

If you made a mistake filling it out:

Erase the mistake and re-bubble the correct space.

Do not mark an X over the incorrect bubble and re-bubble the right answer (I am not sure what kind of machines you think grade these, but this will not work.)

If you were absent for a popper:

- The primary purpose of these is to serve as your classroom attendance. If you are absent, you cannot make up your missing popper questions (*the only exception to this is if you are missing for a pre-approved university event, such as an away game for a team you are on. If this applies to you, speak to me beforehand*).
- Do not try to “sneak in” an older popper form into the pile. This will not work.
- Several poppers are dropped at the end of the semester to account for unavoidable absences. (We know you will get sick, have personal and family emergencies, and religious obligations.)

Errors and Emailing:

It is fine to email your professor if you think there was a mistake, but if it is happening more than once or twice, chances are you filled it out incorrectly.

Tracking down and updating an error due to incorrectly filled out popper forms can take 10-20 minutes each time. This is time that can be spent giving extra help, preparing lessons, grading papers, or dealing with more pressing concerns. Doing this between 70 and 100 times each week (this is for less than 5% of students having these problems), it is a huge burden on your professor.

Take 5 seconds and make sure you filled this out correctly!
