M.U.S.L. is an area designated specifically for Undergraduate Math majors. Students will be able to study and converse with each other.

Location: 11 Fleming (basement)

General rules: Please keep this area clean. You will be sharing this main suite with graduate students and faculty, so try to keep the noise down when necessary. If you plan to have study group sessions, please contact me before you have them. I may to have to make the proper accommodations for this area.

For more information about your undergraduate student lounge, or any issues that you may experience in the lounge, don’t hesitate to contact me at: tai@math.uh.edu
