

A REALLY GREAT TITLE GOES HERE

MARK TOMFORDE

ABSTRACT. After a crisp, cogent analysis of the problem, the author brilliantly cuts to the heart of the question with incisive simplifications. These soon reduce the original complex edifice to a smoldering pile of dusty rubble.

1. INTRODUCTION

When you are done with your paper be sure to add a title, a short title if necessary, an abstract, keywords, and the Mathematics Subject Classification, which you can find at <http://www.ams.org/msc/>

2. PRELIMINARIES
